

Laboratory Technician Position

Position: Technician (MTA-Laboratory) 50%

Application Deadline: 20 March 2023

Employment Start Date: 1 May 2023

Contract Length: 3 years

City: Hannover

Country: Germany

Institution: International Neuroscience Institute (INI GmbH) Hannover

Department: Neurosurgery

Description: The Department of Neurosurgery at International Neuroscience Institute Hannover is looking to hire a MTA-Lab technician (50% position, TV-L E9) from 01.05.2023.

Your primary tasks:

- In vitro cell culture (preparation of primary neuron and endothelial cell cultures from human brain and spinal cord)
- Collection and processing of human blood samples (isolation of plasma, serum)
- Collection of routine tumor samples, documentation, and record in the biobank repository
- Total RNA isolation, qRT-PCR, histology, immunohistochemistry, in situ hybridization
- General laboratory organization (preparation and aliquoting of solutions and media, ordering of reagents, chemicals and laboratory materials, supervision and maintenance of equipment)
- Supporting project leader and PhD students in complying with biosecurity measures.

Your qualifications:

- Completed studies as BTA, MTA, or equivalent; or a bachelor's degree in the biological or biomedical sciences
- Experience in working with cell culture and molecular biology techniques
- Willingness to learn new techniques and team work
- Good command of written and spoken German and English language
- Good organization skills

What do we offer:

This project is part of the Federal Ministry for Education and Research (BMBF) funded research project. We offer an attractive, challenging and responsible job in a dedicated, efficient and interdisciplinary environment characterized by exciting research projects and scientific collaborations. The tariff remuneration and social benefits are based on the collective agreement for the public service of the federal states (TV-L). As an equal opportunity employer, the INI GmbH Hannover strives for diversity and gender equality and welcomes applications from all backgrounds.

If we caught your interest, please send your complete application documents, including your CV, letter of motivation and credentials by 20.03.2023 via E-Mail to:
